MUST CANDLE EGGS TO SELL THEM TO THE RETAIL GROCERS

MERCHANTS OF COLUMBIA FOLLOW THE LEAD OF PRODUCE DEALERS.

BAD EGGS ARE FOREVER BARKED

Must Pass The Required Test Or They Will Not Be Purchased at Any Price, Declare the Grocers of City—Is Forward Movement.

Columbia retail grocersmen join issue with the wholesale produce on buying eggs. In a signed card to their customers, the following grocersmen state that they will not buy any more eggs without candling them after this date, Tuesday, August 8th: H. E. Ritter, H. G. Hill Grocery Co., Anderson-Morton Grocery Co., W. D. Tucker & Co., Morgan Bros., C. W. Beard, T. J. Tucker & Co., Eugene Bell, Billington Grocery Co., Cheslar's Grocery, Adkelson & Smith.

The grocersmen have some remarkable stories to tell about some of the eggs they receive at the store for marketing. One merchant stated this morning that some time since a customer brought a basket of eggs to his store for sale, and he asked him if the eggs were fresh. The seller replied that they were, and the merchant said that they did look fresh on top, but upon removing the top layer that the eggs in underneath in the basket were sick. He said that he broke one of the eggs and found that it contained a dead chicken, and another egg was broken and it had a live chicken in it. The merchant said that the little chicken poked its head out and began to chirp.

Another merchant stated that he had actually had the eggs to hatch in the basket after they had been sold to him. This is what the merchants want to get rid of, and what they are determined to get rid of. It is a violation of the law to sell bad eggs and the cost of candling after the eggs have been bought and paid for at the full dozen is too great a loss, and they propose to make the sellers stand this loss, by candling all eggs that are brought to their store for sale.

The merchants in their card, state that they are thoroughly in sympathy with the movement started by the wholesale produce dealers and want to back them up in the movement.

NOTICE.

Notice is hereby given to all that my adopted son, Raymond Hughes, aged about sixteen years, has left my home without my consent, and contrary to my wishes, and refuses longer to stay at my home, and I, therefore, refuse longer to be responsible for any of his contracts, or to anyone who furnishes him with supplies or money of any sort, and I will refuse to pay such bills. And I hereby release any claims that I may have over him as his adopted father, so that he is free to contract on his own responsibility, as if he were fully of age.

FIRST CONVEYANCE FOR SCHOOL PUPILS ORDERED IN COUNTY

ANOTHER ADVANCE STEP TAKEN BY PROGRESSIVE BOARD OF EDUCATION.

SMALL SCHOOL IS ABOLISHED

Camp Branch Children Will Be Driven To The School at Mt. Pleasant and The County Will Save Money—McDowell Teachers are Named.

Another progressive step was taken by the board of education on Monday when it ordered abolished the little school at Camp Branch in the Fifth division represented by C. A. Ross, of Hampshire and directed that the pupils of that school be transported at the expense of the county to the school at Mt. Pleasant. Not only will the children who have been attending the Camp Branch school have better educational advantages but the county will save money. The county has been paying the teacher at Camp Branch \$35 per month and it will cost only \$30 per month for transportation, a savings of \$5 per month. This action, the first of the kind in Maury county, was taken at the instance of C. A. Ross, the Fifth division member of the board.

The board confirmed selections of teachers at McDowell and Culleoka schools. No changes were made in the faculty of either school, that at McDowell being: Mrs. Jesse Tomlinson, principal; Miss Mary Blackburn, Miss Janie Porter, Mrs. White, Miss Cora Lee Jacobs and Miss Grace Nowlin. At Culleoka the following were chosen: Prof. W. N. Bingham, principal; Miss Lena Covey and Miss Kate Wright. In addition the local board at Culleoka, through a fund supplemented by private subscription, employ Miss Ella Wilkes.

It was decided to build a negro school at Godwin, it having been necessary for many years to rent property there for the school. The county appropriated \$470 and secured from the Rosenwald school fund, a fund provided by a wealthy philanthropist, \$300 more.

Prof. S. L. Smith, the state supervisor of rural schools, was present during the meeting of the board.

This was the last meeting of the present board and Chairman Moore and A. L. Derryberry, both of whom were defeated for re-election, told their colleagues on the board goodbye.

PADGETT WINNER

FIVE THOUSAND

MAJORITY OVER JONES WILL LARGELY EXCEED FIRST ESTIMATES.

Representative Padgett's majority over J. Grady Jones in the primary last Thursday will be nearer 5,000 than 4,000 as estimated on the night of the election. Partial returns from the district give him the following majorities:

Maury county	1,600
Williamson county	1,400
Giles county	839
Houston county	375
Hickman county	300
Lawrence county	350
Dickson county	100
Lewis county	50
Wayne county	50

Total 5,064
Jones carried Humphreys, his home county, by 419, which would leave Padgett with a lead of over 4,600. This, it is believed, will be further increased.

WANT TO KNOW ABOUT ROAD FUNDS

FEDERAL AID LAW HAS DELUGED THE DEPARTMENT WITH REQUESTS.

"You ought to see the size of the mail that comes to my office," said James Joseph Murray, secretary of the Tennessee Highway commission, who was in Columbia for a short time Monday. "Since the passage of the federal aid roads bill, I am simply deluged with requests for information from all over the state. Justices of the peace, heads of commercial organizations, county chairmen and judges and other officials are plying us with all sorts of requests about how to get part of the money."

"The policy of the commission. My judgment is that the commission will, as far as possible, spend the federal money in building intercounty seat highways where the counties take the initiative and extend a reasonable amount of aid. In Middle Tennessee sentiment for better highways is growing rapidly. The same is true of some counties in West Tennessee, but that section is hardly as progressive in this respect as Middle Tennessee."

MAJOR J. A. CRAIG FARM IS SOLD

BID OFF IN CHANCERY JULY 1ST AT \$5,000—BIDS RAISED TODAY TO \$9,125.

On the first Monday in July the farm of the late Major James A. Craig in the First district, was bid off in a chancery sale at \$5,000. Today the biddings were re-opened under the chancery law and for several minutes the bidding was spirited, and the final knock-off was to Claude and Walter Fry for \$9,125.

The farm contains 275 acres and a portion of the land about 100 acres is in Duck river bottom and is splendid farming land. A portion of the land is rough river bluff, but about 100 acres is fine for grass land.

In the contest for the farm there has never been livelier bidding; the field was full and from the fact that the original bid of \$5,000 was nearly doubled shows that they were anxious for the land.

LUKE LEA LOSES

FIGHT ON L. & N.

CHARTER OF THE LEWISBURG AND NORTHERN UPHeld BY SUPREME COURT.

Special to The Herald.

NASHVILLE, Tenn., Aug. 8.—The supreme court today decided the celebrated case of Senator Luke Lea against the Lewisburg and Northern Railroad, that has been on the docket of the court for the past two terms. The decision was a sweeping victory for the railroad and was against Senator Lea on every material point at issue.

Senator Lea had attacked the charter of the defendant corporation, seeking to have it held invalid, but the court sustained the charter of the corporation and held that there was no equity in the bill of the senator.

The Lewisburg & Northern is the corporate name for the Louisville & Nashville line from Brentwood on the main line through Lewisburg to Athens, Ala.

Senator Lea had also sought to enjoin the railroad from the use of certain rights of way and laying of pipes over same. The court refused to grant the injunction.

SOCIAL MEETING

PHOENIX BANK

THE OFFICIALS AND DIRECTORS

ENJOY A DELIGHTFUL

REPAST.

Directors of the Phoenix National bank had their annual summer social meeting today. All of the officers and directors of the bank were present but three and after the usual business had been transacted delicious refreshments, prepared by the women behind the thrones, those who furnish the inspiration for the men who are making the bank the splendid success that it is, were served. There was ice cream in quantities, the finest of cakes, most delectable cider and good cigars. These occasions always bring together a most congenial company and fortunate indeed is the individual who has the opportunity to partake of the hospitality.

HUNTER WINNER

FOR COUNTY BOARD

SPRING HILL VOTES DEFEATS DERRYBERRY FOR RE-ELECTION IN SECOND.

Complete returns from the eight voting places in the Second school division show that Edward D. Hunter was elected by three votes over A. L. Derryberry, candidate for re-election. Hunter received twenty and Derryberry forty-two votes at Spring Hill, instead of forty-seven as at first reported. This gave the certificate to Hunter by three majority, the vote standing, Hunter, 185; Derryberry, 181.

A MEAN REMARK.

"And who are to be bridesmaids?" "Oh, some of my oldest girl friends." "The older the better," suggested the other girls with that catty infection that the dearest of damsels sometimes use.
